Are your patients ready?

National Emergency Preparedness Education Week For Kidney Patients September 19-25, 2010

in-center hemodialysis • peritoneal dialysis • home hemodialysis • transplant

The week of September 19-25, 2010 has been designated as the time for education and emergency preparedness for all patients requiring renal replacement therapy. All dialysis and transplant facilities across the United States will prepare each patient for the unexpected.

- Form a team
- Make a plan
- Implement the intervention

And then Say “**Yes, our patients are ready!**”
