Conference Objectives

The purpose of this activity is to provide nephrology nurses with a review of current trends in nephrology.

At the end of this conference participants should be able to:

- Describe the public health impact of kidney disease, and strategies for phosphorous management
- Discuss trends in peritoneal dialysis and hemodialysis prescription
- Describe management of hypertension in adults and children
- Identify patient education opportunities to support autonomy and choosing a dialysis modality

Exhibits

A nephrology product vendor fair will be held throughout the conference. Please stop by the booths and thank the vendors for their support of this educational activity.

Refreshments

Continental Breakfast, Lunch, and Snacks provided.
